

Steel Applications

ISA manufactures various sleeves and shapes for the steel industry. Starter tubes, pre-heat tubes, and ladle shroud extension tubes. Standard materials are 2300° LD and 2300° MD and can be rigidized with col. Silica. Also available are materials rated upto 3000° F.

Ladle shroud gaskets are available in ceramic fiber, black clay gaskets and a combination of the two.

Other products include Starter Bar, torpedo car and ladle backup lining, and covers of various shapes and sizes.
